

BULLETIN 11-22-00

TO: WC Insurance Carriers, Third Party Administrators,
Self-Insured Employers, Medical Providers

FROM: Joyce A. Sewell, Director, Industrial Accidents

RE: Medical Fee Schedule

This Bulletin is to advise you that the last bulletin that had the rule related to the adoption of the RBRVS attached to the bulletin contained an incorrect effective date. The correct effective date for the adoption of rule R612-2-5 is January 1, 2001, instead of July 1, 2000. The 2001 RBRVS will need to be used for the unit value of each procedure which is then applied to the Labor Commission conversion factor as stated in the rule. The RBRVS unit value adopted by rule is the non facility total unit value.

Please contact Rich Lunde at 801-530-6844 if you wish additional information.
